

The Showroom

Come visit the Florencio Glass Company's showroom where you'll find one-of-a-kind glass pieces with exceptional attention to detail. We specialize in goblets, vessels, human and animal forms, and glass sculptures. We have also created a unique jewelry line called Ofuscante, combining frameworked glass beads with natural gemstones and sterling silver.

Learn The Art of Flameworking Glass

We know once you see the beautiful hand blown glass objects in our showroom, you'll be inspired to get creative with glass on your own. Florencio Glass Company offers workshops in introductory flameworking techniques for both beginners and those with previous glass experience. Each workshop covers glass history, safety & preparation, and project design.

For our Introduction to Flameworked Beads workshop, students learn the basics of forming round beads, then move on to the careful shaping of glass and controlled surface decoration. They also learn other techniques such as embellishments, color blending, sculptural beads and encased beads. Experimentation and creativity are encouraged with every student.

After the introductory session, students may enroll in additional workshops and/or rent our studio space to advance their skills.

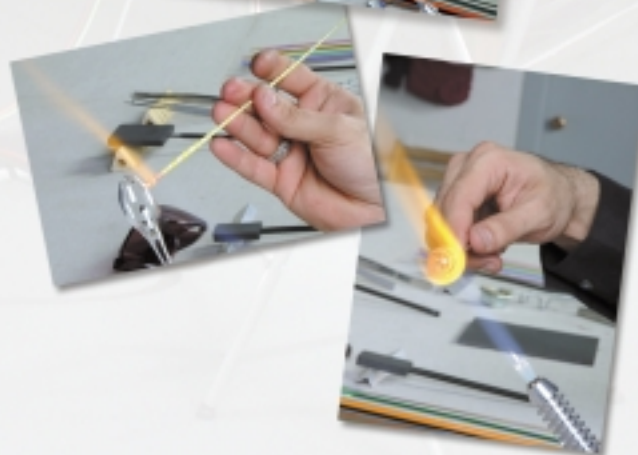

About Our Studio

The Florencio Glass Company's studio provides students and artists with a safe, spacious and comfortable work environment in a state-of-the-art facility. The studio features multiple work stations each equipped with a precision torch, a propane & oxygen system, ventilation, tool kit, safety glasses, etc. Our studio also has three glass kilns for working on multiple projects at once. Every student and artist has access to the studio's inventory of glass tubing and color rods.

Flameworking Workshops Include:

- 6 Hours Of Instruction
- Your Own Flameworking Station (including all tools needed)
- Glass Tubing and Color Rods
- Small Class Sizes (2-5 students)
- No Glassworking Experience Required
- Fun for All Ages (14+)

*Individual instruction also available.

Your Very Own Work Station

Whether you are a beginner or an experienced glass artist, you'll enjoy the benefits of your very own personal, spacious working station equipped with everything needed for flameworking glass including torch, toolkit and access to kiln space.
